

Technical Sales Representative

Industry Sector: Agribusiness

Industry Type: Fertilizer, Micronutrients, Fungicides

Career Type: Sales

Salary: Salary plus commission

G.P. Solutions, LLC located in LaBelle, Florida manufactures and markets a professional line of liquid fertilizers, micronutrients, natural organics and a biological fungicide to groves managers and agricultural accounts. We are looking for motivated sales representatives with experience in agriculture, citrus, or related industries and are interested in selling through quality, education and technical knowledge.

The successful candidates will have the following attributes and experience:

- Sales skills and experience a must.
- Must be experienced using contact management software and computers.
- Agriculture degree or CCA would be preferred but not required
- Excellent communication skills with outgoing and enthusiastic personality.
- Openings available in Florida.
- Salary plus extremely competitive commission structure with no cap on earnings.

Send resume to: jobs@growthproducts.com, or fax to 914-428-2780
