

U.S. ETHANOL EXPORTS (MILLION GALLONS)

U.S. DISTILLERS GRAINS EXPORTS (THOUSAND METRIC TONS)

U.S. EXPORT VALUE (THOUSAND DOLLARS)

MAKING PROGRESS

Mexico has approved measures that have dramatically reformed its fuel market to allow for the production and use of fuel blends up to E10 nationally—except for its three largest cities.

Mexico has successfully completed necessary air impact studies that are required for E10 to be allowed for use in those three cities.

OVER THE LAST DECADE, RANKED

9th Overall
in U.S. ethanol exports

2nd Overall
in U.S. distillers grains exports
